

Dress to Impress – Mount Vernon High School – Fortville, IN

Agreed upon timeline set by students. Notice they worked their way backwards to determine the timeline

In block scheduling, student work on competencies and the PBL project on the same day. Here is a sample of how students stay on track. Notice they are working on Workplace Ethics (1), as well as their PBL (4).

The branding (dress to impress images), collection bins and other flyers were all determined by the students. Employers were contacted for donations and requests for gently used, professional clothing were sent out region wide.

A partnership with Goodwill Industries was established as a result of the PBL initiative.
